**FAS/Mexico Note:** This is NOT an invitation for bids to purchase the mentioned product. Rather, it is an auction for the right to import the listed products duty free. Thus, the auction is limited to Mexican companies within the food industry who use the listed products in their production process. That fact notwithstanding, this auction may impact U.S. exporters because those Mexican importers who are granted the *cupos* will be looking for product to fill the permit shortly after the auction, if not earlier.
